

Md. Abu Talha Taufique

Full Stack Developer

taufique752@gmail.com | +880 1303134396 | Dhaka, Bangladesh | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

OBJECTIVE

Results-driven Full Stack Developer with experience building scalable and responsive web applications using React.js, Next.js, Node.js, Express.js, and MongoDB. Strong understanding of RESTful API development, database design, and modern frontend architecture. Seeking a Full Stack Developer role to contribute high-quality, maintainable code and build impactful real-world applications in a growth-oriented environment.

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), C, C++, Python (Basic)
Frontend Development: React.js, Next.js, Tailwind CSS, HTML5, CSS3, Responsive UI Design
Backend Development: Node.js, Express.js, RESTful API Development, Authentication (JWT, Better Auth)
Database: MongoDB, NoSQL Database
UI Libraries: Shadcn UI, DaisyUI, Hero UI
Tools & Technologies: Git, GitHub, Vercel, Netlify, Postman, Figma, Pixso, VS Code
Core Skills: Basic Data Structures & Algorithms, Problem Solving (80+ problems solved on URI Online Judge)

PROJECTS

- SportNest – Sports Facility Booking Management System** | [Client](#) | [Server](#) | [Live Demo](#) May 2026
- **Project Title & Description:** I developed SportNest, a full-stack sports facility booking system that allows users to explore, book, and manage sports venues with real-time booking workflows and role-based access control.
 - **Technologies Used:** Next.js, React.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, Google OAuth, Better Auth, RESTful APIs
 - **My Role & Impact:** I built both frontend and backend systems, implemented secure authentication (JWT, HTTP-only cookies, Google OAuth), developed RESTful APIs, and created booking workflows including time-slot selection, booking history, cancellations, and user/admin dashboards.
- SunCart – Summer Essentials eCommerce Platform** | [Live Demo](#) | [Code](#) May 2026
- **Project Title & Description:** I developed SunCart, a modern frontend eCommerce platform using Next.js where users can browse and explore summer essential products with a smooth and responsive shopping experience.
 - **Technologies Used:** Next.js, React.js, Tailwind CSS, Better Auth, MongoDB Atlas, HeroUI, Gravity UI, Animate.css
 - **My Role & Impact:** I implemented authentication using Better Auth (email/password and Google login), built product search, filtering, and sorting features, and designed a fully responsive UI for all device types.
- KeenKeeper – Relationship Management Web App** | [Live Demo](#) | [Code](#) April 2026
- **Project Title & Description:** I developed KeenKeeper, a personal relationship management web application that helps users track interactions, set connection goals, and maintain meaningful relationships over time.
 - **Technologies Used:** React.js, Tailwind CSS, DaisyUI, Recharts, React Toastify, React Icons
 - **My Role & Impact:** I built the full frontend system including friend management, interaction timeline, and analytics dashboard with charts, notifications, and responsive UI components.

EDUCATION

Hajee Mohammad Danesh Science and Technology University Dinajpur, Bangladesh
B.Sc.(Engg.) in Computer Science and Engineering | CGPA: 3.24/4.00 January 2020 – November 2025

LEADERSHIP EXPERIENCE

- Deputy Team Lead** 2025
Rangpur Divisional Collegiate Programming Contest 2025
- Co-led a 15-member volunteer team, managing logistics, task distribution, and on-site operations for a regional programming contest. Demonstrated strong team coordination and leadership in a high-pressure environment.
 - Collaborated with organizers and cross-functional teams to ensure smooth execution, effective communication, and successful event delivery.
- Executive Member** 2025
CSE Club of HSTU
- Organized and contributed to technical workshops, programming contests, and student engagement activities to promote learning and collaboration.
 - Worked closely with team members to improve coordination, event planning, and club operations efficiency.

LANGUAGES

Bangla (Native) | **English** (Professional Working Proficiency) | **Hindi** (Conversational)
